ARC node @ IRAM

IRAM ARC node
based on existing
expertise with the
Plateau de Bure
interferometer

EUROPEAN ARC
ALMA Regional Centre || IRAM

ARC node @ IRAM

Why an ARC node at IRAM?

- Strong IRAM involvement in ALMA construction
- **Already existing center of expertise** in mm interferometry
 - Expertise on pipeline, calibration, imaging, atmospheric phase correction, data analysis...
 - f2f support for PdBI since 15 years
 - Close link with technical groups
 - GILDAS software (incl. CLASS)
- **Plateau de Bure f2f support → only delta effort**
- IRAM users are all potential ALMA users → continuity of service provided to the community

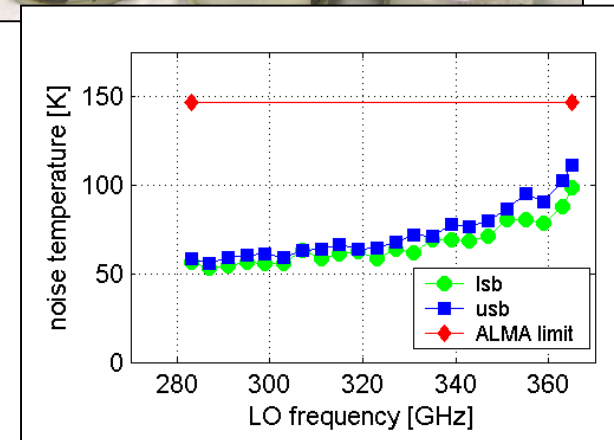

ARC node @ IRAM

Why an ARC node at IRAM?

- Strong IRAM involvement in ALMA cons

- Design phase, 1st project scientist
- **Band 7 cartridges**
- Optics, calibration
- Digitizer clocks
- Telescope Calibration software
- SSR, ASAC, ...

ARC node @ IRAM

User formation

- Plateau de Bure
- Visitors
- Schools/Workshops

Developments

- New algorithms & soft.
- ALMA software

User support

- Helpdesk
- f2f support

EUROPEAN ARC

ARC node @ IRAM

User formation

- Plateau de Bure
- Visitors
- Schools/Workshops

Developments

- New algorithms & soft.
- ALMA software

User support

- Helpdesk
- f2f support

Forming IRAM staff

- ALMA software tests
- IRAM staff @ Chile

EUROPEAN ARC
ALMA Regional Centre || IRAM

Developments

- **TelCal** - Telescope Calibration pipeline
 - D.Broguiere, J.C. Roche, R.Lucas, J.Pardo
- **OTF** - On-The-Fly interferometry
 - J.Pety, N.Rodriguez, J.C. Roche, M.Lonjaret, F.Gueth
- **Imaging simulator in GILDAS**
 - See J.Pety's presentation
- **ALMA commissioning**
 - PdBI software (CLIC) used for holographies
 - Direct participation to CSV (3 months delegation)
 - M.Krips, V.Pietu

Developments

- **TelCal** - Telescope Calibration pipeline

- D.Broguiere, J.C. Roche, R.Lucas, J.Pardo

- **OTF** - On-The-Fly interference

- J.Pety, N.Rodriguez, J.C. Pardo

- **Imaging simulator in**

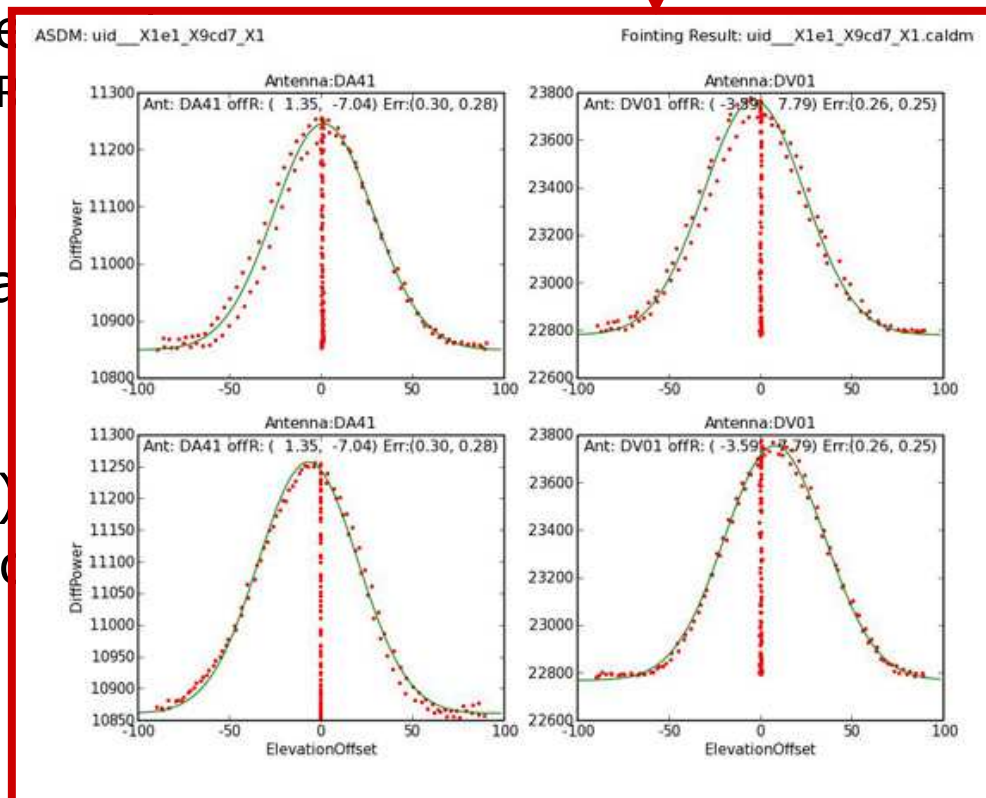

- See J.Pety's presentation

- **ALMA commissioning**

- PdBI software (CLIC)

- Direct participation to

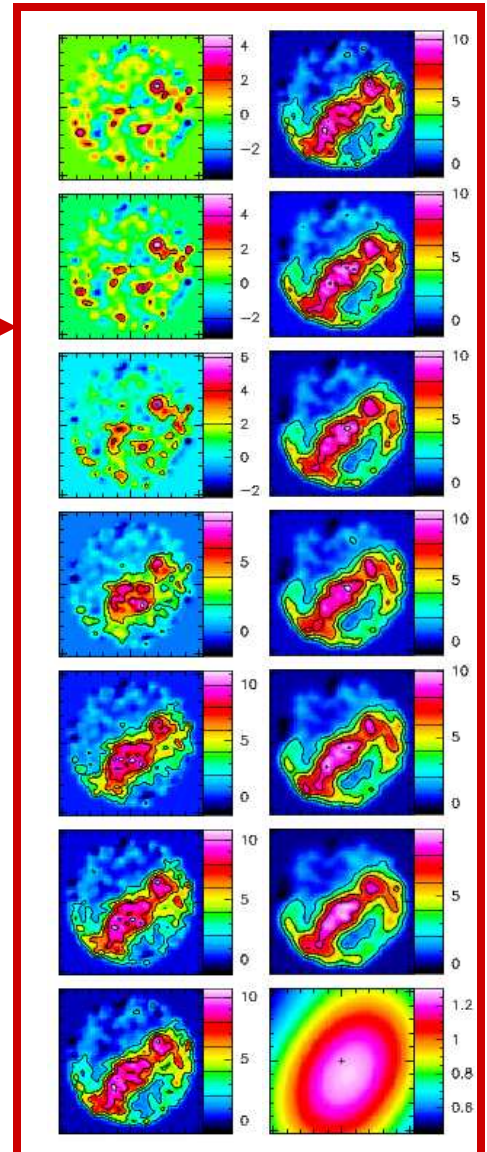

- M.Krips, V.Pietu

Developments

- **TelCal** - Telescope Calibration pipeline
 - D.Broguiere, J.C. Roche, R.Lucas, J.Pardo
- **OTF** - On-The-Fly interferometry 
 - J.Pety, N.Rodriguez, J.C. Roche, M.Lonjaret, F.Gueth
- **Imaging simulator in GILDAS**
 - See J.Pety's presentation
- **ALMA commissioning**
 - PdBI software (CLIC) used for holographies
 - Direct participation to CSV (3 months delegation)
 - M.Krips, V.Pietu

Developments

- **TelCal** - Telescope Calibration
 - D.Broguiere, J.C. Roche, R.Lu
- **OTF** - On-The-Fly interferometry
 - J.Pety, N.Rodriguez, J.C. Roche
- **Imaging simulator in GIP**
 - See J.Pety's presentation
- **ALMA commissioning**
 - PdBI software (CLIC) used for holographies
 - Direct participation to CSV (3 months delegation)
 - M.Krips, V.Pietu

4- 8 October, 2010
Grenoble, France

7th IRAM millimeter interferometry school

Main topics:

Fundamentals of millimeter interferometry; Atmospheric phase correction; Data calibration and imaging techniques; The IRAM Plateau de Bure interferometer (PdBI); The Atacama Large Millimeter Array (ALMA)

Register at www.iram-institute.org and click on interferometry school

**November 29 to
December 1, 2010
Grenoble, France**

Observing with ALMA: Early Science

A workshop to prepare for the first ALMA Call for Proposals

Local organizing committee: F. Gueth (chair), C. Berjaud, K. Zacher

More information at www.iram-institute.org "Observing with ALMA"

Mail contact: alma2010@iram.fr

EUROPEAN ARC
ALMA Regional Centre || IRAM

EUROPEAN ARC
ALMA Regional Centre || IRAM

f2f support

- **Extend PdBI f2f support to ALMA**
 - Use existing infrastructures and procedures
 - Local contact assigned to each project
 - Funding for travel to IRAM (as PdBI: 1 person/1 visit)
 - Must be in place for Early Science = **end 2011**

EUROPEAN ARC
ALMA Regional Centre || IRAM

Observing time

- **No guaranteed time on ALMA**
- **One single TAC for NA+EU+EA**
- **A world-wide collaboration**
 - EU 33.75%, NA 33.75%, EA 22.5%, Chile 10%
 - In ESO: D~21%, F~16%, E~9%
 - In ALMA: D~7%, F~5.5%, E~3%
- Whatever the actual numbers: expect **huge competition**
- Timescale: ALMA Early Science: Q1 2011
Full operations: 2013

EUROPEAN ARC
ALMA Regional Centre || IRAM

Summary

- IRAM ARC node based on **synergies with PdBI support**
 - Soft. developments
 - User formation
 - **Face-to-face support**
- ARC node gradually moving from project to operational structure
 - **2011 = pivotal year** = start of Early Science operations

- **Access to IRAM instruments + ARC node → IRAM community in best possible position to get time on ALMA**
